TRAILS, TALES AND TRADITIONS IN THE HIGHLANDS

Cameron Highlands is endearingly known as the 'little piece of England in Asia', the cool climate on the picturesque plateau and much of the highlands' character remains unchanged, exuding an old English charm.

Cameron Highlands Resort is built as a long extension from an existing 1930's cottage with architecture dating from the 1970's. Promising splendour, romance and nostalgia, the interiors hark back to its grand colonial heritage with tall French doors, timber-beamed ceilings and plantation shutters combined with the colours and textures of Jim Thompson's famed Asian silks.

This is a perfect highland getaway filled with trails, tales and traditions.
